

ATTACHMENT TYPES BLOCKED

As a preventive measure, certain file types are not allowed in NIC messaging services.

Mails sent with attachments having the following extensions will be dropped at the gateway.

`exe|tiff|pif|tmp|url|vb|vbe|scr|reg|cer|pst|cmd|com|bat|dll|dat|tif|bin|`

These file types are not allowed within a **ZIP folder** either.

COMPRESSION TYPE BLOCKED

RAR compression is not allowed in NIC Messaging Services
